OBJECTIVE

Highly trained critical care registered nurse with strong clinical abilities in an academic and acute care facility. Proactive and organized with a commitment to patient safety. Ability to accurately and promptly assess, implement, and evaluate situations in a collaborative environment. A key player in promoting a positive work and learning environment, in which all team members are welcome and encouraged to learn and grow. Committed to incorporating evidence based concepts into daily interventions. Effective at providing meaningful feedback to enhance personal growth.

EXPERIENCE

APRIL 3, 2023 – PRESENT

CARDIOPULMONARY INTENSIVE CARE UNIT RN, CHARLESTON AREA MEDICAL CENTER

Responsible for the safe and efficient care of critically ill patients. Ensured the completion of daily objectives from patient care, chart audits, discharge planning, quality improvement audits, training of nurse residents, and admission and transfer of patients. Utilize numerous EMR systems daily. Com- passionately care for critically ill patients, while maintaining numerous medical devices, medications, and interventions.

JANUARY 9, 2023 – PRESENT

ADJUNCT CLINICAL LECTURER, WVU INSTITUTE OF TECHNOLOGY - BECKLEY CAMPUS

Help build solid educational foundations and clinical skill sets to help empower students to succeed as future nurses. Provided guidance in clinical rotations to facilitate safe and effective basic nursing care. Support and provide one on one instruction to aid students in mastering new clinical skills. Utilize various learning modalities to enhance clinical and didactic instruction.

JANUARY 1, 2023 – PRESENT

MEDICAL INTENSIVE CARE UNIT RN,- THOMAS HEALTH

After working as a travel nurse for this hospital for over a year, I elected to accept a full time position. My responsibilities remained the same as when I was a travel nurse.

AUGUST 24, 2021 – JANUARY 1, 2023

TRAVEL REGISTERED NURSE, MAXIM HEALTHCARE - THOMAS HEALTH

Travel nurse in a general intensive care. Responsible for the care of critical patients in numerous settings: medical, surgical, cardiac, neurological, and vascular. Worked directly with COVID patients during the spike of the delta variant. Practiced along skilled nurses and physicians as best care practices were pivoted, sometimes hourly, to ensure optimal patient outcomes. Assisted with the training of Registered Nurses with various backgrounds: students, new graduates, transfer nurses, or travel nurses. Helped plan and develop vascular education. Team member for collaboration with opening a new unit.

JULY 17, 2017 – AUGUST 2021

SURGICAL INTENSIVE CARE RN, CHARLESTON AREA MEDICAL CENTER

Charge nurse of a fast paced surgical ICU. Responsible for the safe and efficient care of critically ill patients. Ensured the completion of daily objectives from patient care, chart audits, discharge planning, quality improvement audits, training of nurse residents, and admission and transfer of patients. Utilized numerous EMR systems daily. Organized and maintained a cervical collar education program. Achieved a clinical level three status within 3 years.

DECEMBER 2014 – JULY 2017

NURSE EXTERN, THOMAS MEMORIAL HOSPITAL

Assisted the nurse in the complete care of the patient. Ensured basic level of care objectives were completed in a timely manner. Assisted with more complex tasks as needed.

AUGUST 2012 – DECEMBER 2014

ASSISTANT MANAGER, LITTLE GENERAL STORES

Responsible for the daily operations of a lively convenience store. Assisted the manager with proper record keeping, ordering of supplies, flow of vendors, and discipline of employees.

JULY 2010 – JULY 2012

SUMMER SCHOOL ASSISTANT, CLAY COUNTY SCHOOLS

Independently worked 1:1 to provide additional educational assistance to students. Worked directly with teachers to supervise summer school attendants at different locations, including school, playground, and pool locations.
